

The Vale Niseko

Escape & experience Niseko's finest

Luxury redefined awaits the discerning guest to the world famous powder snows of Niseko. Nurturing private onsens (traditional Japanese mineral baths), the elegance and appointment bring new riches to the privileged few of Asia and now the world.

The blending of Japanese tradition with an Asian chic drives a fusion of design elegance from the moment you enter the building to the moment you sink into the sofa to amaze at the winter wonderland outside the window. Timber and glazing envelop you in an alpine experience; the clean design lines drive a silence in space. With each apartment hosting an environmental fireplace the ambience is superlative in every sense.

The pinnacle of snow pampering is definitely the mineral bath soak in the onsen on your balcony; settle those ski muscles with a glass of bubbly while radiating in the rich waters of mother earth. Rejuvenated, you can then experience the sensual delights

of some of Japan's finest foods in a region that the Japanese revere for its stunning nature, the freshest produce and sumptuous seafood.

With only eight rooms offering private onsens these are definitely high on the demand list of Asia's most discerning travelers.

Constructed in 2010 the building offers an unparalleled experience with heated pool, sauna and luxurious onsen, après bar, and lounge and restaurant offering true Asian experiences. Each apartment is fully appointed with a full kitchen sporting Miele appliances and the latest in gadgets to ensure your stay is without worry. Detail is the success of this property: every wish for your stay has been delivered, from the direct lift access from a stylish ski and boot room to the in-house massage facilities.

Outside, the wonders of Niseko envelop the building with some of the driest and deepest snows on planet earth. Already world renowned for snow addicts this destination will only grow with properties such as The Vale Niseko delivering the finest in ski slope accommodation.
